**Q1. Does MTC have a map of expertise area's in relation to UDBE goals?**

A1. MTC expects that actual work assigned under the twelve areas of expertise addressed in the RFQ will relate to particular UDBE categories. MTC's best estimate of the relationship of work to UDBE categories is:

- # 2, 4, 6, 7, 8, and 12 will fall under the work associated with project/program management; support for planning strategy, analysis and implementation, with a 27% UDBE goal;
- # 10 and 11 will fall under work associated with communications strategy, public outreach, market research and web design, with a 13% UDBE goal;
- # 5 and 9 will fall under work associated with financial support, including development of tracking tools, auditing, analysis, compliance, budget assistance, with a 2% UDBE goal; and
- # 1, 3, and 7 will fall under work associated with computer systems design, analysis, and software implementation, with a 6% UDBE goal.
